

FACES OF AUSTERITY:

How Budget Cuts Have Made Us Sicker, Poorer, and Less Secure

November 13, 2013
Hart Senate Office Building
Room 902
2:30 PM -4:00 PM

This is a widely attended event relevant to official duties

Even before the Budget Control Act of 2011 was adopted and sequestration took effect, programs that rely on discretionary federal funding had been cut sharply and millions of Americans have been hurt in the process. A new report from NDD United, *Faces of Austerity: How Budget Cuts Have Made Us Sicker, Poorer, and Less Secure*, tells the stories of those who've been impacted most by Washington's failure to protect the programs that keep us healthy, safe, and educated. This briefing will bring together individuals featured in the report from the education, science, natural resources, and job training sectors.

RSVP to Brandon McCain
at crdfellow2@dc-crd.com

-  **Phil Francis, Former Superintendent, Blue Ridge Parkway**
- Sharilyn Cano, Human Resources Director, Southern Oregon Head Start**
